

Glass experience and manufacturing procedure.

GlassWorks Chuki

Thank you for watching GlassWorks Chuki's "Glass Experience and Procedure" .

Use the following steps to think about the image of the work you will create by that day.

I'm looking forward to seeing you.

Reservations are required for the glass experience.

Please tell us your desired experience, number of people, and time from "Reservation Form".

Questions and inquiries are also accepted on this form.

How to make Ryukyu wedding glass

Let's make some wonderful memorabilia.

Product: Heart-shaped medium plate or
Heart-shaped large plate .

* The shape can be changed

Production time: 1 hours

Price: Medium plate; ¥ 8,800 Large plate; ¥ 16,500

Shipping cost: Domestic ¥ 1,500 (excluding tax)

*For large plate, shipping charges must be paid upon
delivery in cash only.

2 hours overtime fee per person ¥ 2,000

【Some notice at the day】

A. Please ask the person in charge if you are unsure of what to do.

If you continue working on something without asking for help, your project may not come out properly.

B. We lend you safety glasses. Please wear them when you make glass work.

After cutting the glass, small fragments can get stuck in your hand, so clean your desk with a brush. Hold the surface of the glass, rather than the edges, because you can easily cut your hand on the edge of the glass.

C. We set a production time for 2 hours. If you keep making a glass work for more than 2 hours, you may be afraid of hurting your hand by glass parts due to declining your concentration. Therefore, extra fee per person (¥2,000 excluding tax) would be charged when your production time exceeds for 2 hours.

D. We will fire your work in our kilns for you and attach with metal fittings.

E. The finished work will be delivered within 10 days.

<How to make Ryukyu wedding glass>

Let's make some wonderful memorabilia.

Decide how you would like to use it.

At first decide whether the finished work will be for actual use or for decoration.

1) Draw the shape of the dish (such as a circle or square) on the special drawing paper. *Larger size plates (21cm x 21cm) can also be made.

2) Draw a picture such as a heart or any other image you want to make, and color it with colored pencils. To cut the glass,

draw the shape to scale on the dish directly with a marker.

3) After cutting out your plate, shape it to make a heart-shaped dish. Lay the shaped glass on the shelf board and trace the outline onto the shelf board with a pencil. Then, arrange the smaller glass pieces on the board.

4) Place the heart-shaped glass on top of the pieces.

You are now done. If you have any other requests, please let us know.

5) Items will be delivered within 2 weeks to the designated address.
