【Notes on the GRASS Experience】

A. If you have any questions, please ask the person in charge.

If you continue working without asking, your work may not be finished well.

B. We will fire the work in our kiln and attach it with metal fittings on your behalf.

C. The completed work will be delivered to you within 10 days.

<How to make glass for children>

1) Select a fish-shaped or heart-shaped glass plate with your father or mother.

2) Place the glass parts of your choice on the smooth surface of the glass plate.

The edges and both sides of the glass plate are sharp, so be careful not to cut your hands. Also, watch over children to prevent them from accidentally swallowing the glass parts.

3) Attach the glass parts to the glass plate with a small amount of wood glue to create a neat finish. Place the selected glass pieces and you are done.

4) We will fire your piece in our kiln for you and mount it with hardware. * * Mounting stand is included.

5) Your completed piece will be delivered within 10 days.

Attention.
